LIMITS

A name match is not an identity determination. Confirm against the official record before taking any adverse action. Screens the HHS-OIG LEIE and SAM.gov exclusions, and state Medicaid exclusion lists for AZ, CA, KS, MD, MI, MO, MT, NC, ND, NJ, NY, OH, PA, SC, TX, and WA; does not screen the other 34 states, or licensure board actions. Each state list's as-of date is shown with its own results. Reflects the loaded data generation, not a live query against OIG, SAM, or any state.
